ANNUAL MEETING OF SHAREHOLDERS

INFORMATION CIRCULAR

Unless otherwise provided, the information herein is given as of May 5, 2008.

VOTING AND PROXIES

Solicitation of Proxies

This Information Circular is furnished to the shareholders of Cardiome Pharma Corp. (the “Corporation”) in connection with the solicitation of proxies for use at the Annual Meeting of the Corporation to be held at the Hyatt Regency, Ballroom A, 655 Burrard Street, Vancouver, British Columbia, Canada, on June 9, 2008 at 1:30 p.m. (the “Meeting”) by management of the Corporation. The solicitation will be primarily by mail, however, proxies may also be solicited personally or by telephone by the directors, officers or employees of the Corporation. The Corporation may also pay brokers or other persons holding common shares of the Corporation (the “Common Shares”) in their own names or in the names of nominees for their reasonable expenses of sending proxies and proxy materials to beneficial shareholders for the purposes of obtaining their proxies. The costs of this solicitation are being borne by the Corporation. Shareholders who have given a proxy pursuant to this solicitation may revoke it as to any matter on which a vote has not already been cast pursuant to its authority in writing in such manner specified in the section “Revoking a Proxy” below.

What will be voted on at the Meeting?

Shareholders will be voting on those matters that are described in the accompanying Notice of Annual Meeting of Shareholders (the “Notice”). **The Notice includes all the matters to be presented at the Meeting that are presently known to management.** A simple majority (that is, greater than 50%) of the votes cast, in person or by proxy, will constitute approval of these matters other than the election of directors and appointment of auditors.

Who is entitled to vote?

Only registered holders of Common Shares (“**Registered Shareholders**”) on April 30, 2008 (the “**Record Date**”) are entitled to vote at the Meeting or at any adjournment thereof. Each Registered Shareholder has one vote for each Common Share held at the close of business on the Record Date. As of April 30, 2008, there were 63,739,796 Common Shares outstanding. As of that date, to the knowledge of the directors and senior officers of the Corporation, there are no persons who beneficially own, directly or indirectly, or exercise control or direction over Common Shares carrying more than 10% of the voting rights of the Corporation.

Can I vote Common Shares that I acquired after April 30, 2008?

Unfortunately not. The *Canada Business Corporations Act* (“**CBCA**”) states that only a shareholder whose name is on the list of shareholders as at the Record Date is entitled to vote at the Meeting.

How to vote

If you are a Registered Shareholder, there are two ways in which you can vote your shares. You can either vote in person at the Meeting or you can vote by proxy.

Voting by Proxy

If you do not plan to come to the Meeting, you can have your vote counted by appointing someone who will attend at the Meeting as your proxyholder. In the proxy, you can either direct your proxyholder how you want your Common Shares to be voted or let your

proxyholder choose for you. You can always revoke your proxy if you decide to attend the Meeting and wish to vote your Common Shares in person (see “Revoking a Proxy”).

Voting in Person

Registered Shareholders who will attend the Meeting and wish to vote their Common Shares in person should not complete a proxy form. Your vote will be taken and counted at the Meeting. Please register with the transfer agent, Computershare Trust Company of Canada, upon your arrival at the Meeting.

What if I am not a Registered Shareholder?

Many shareholders are “non-registered shareholders.” Non-registered shareholders are those whose Common Shares are registered in the name of an intermediary (such as a bank, trust company, securities broker, trustee, or custodian). Unless you have previously informed your intermediary that you do not wish to receive material relating to the Meeting, you should receive or have already received from the Corporation a request for voting instruction form or from your intermediary either a request for voting instructions or a proxy form. In either case you have the right to exercise voting rights attached to the Common Shares beneficially owned by you, including the right to attend and vote the Common Shares directly at the Meeting.

The documents that you receive and who you receive them from will vary depending upon whether you are a “non-objecting beneficial owner”, or “NOBO”, which means you have provided instructions to your intermediary that you do not object to the intermediary disclosing beneficial ownership information about you to the Corporation for certain purposes, or an “objecting beneficial owner”, or “OBO”, which means that you have provided instructions to your intermediary that you object to the intermediary disclosing such beneficial ownership information.

If you are a NOBO, included with these materials is a request for voting instructions from the Corporation or its agent.

These securityholder materials are being sent to both registered and non-registered owners of the Common Shares. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding Common Shares on your behalf. By choosing to send these materials to you directly, the Corporation has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

If you wish to attend the Meeting and vote in person, write your name in the place provided for that purpose in the voting instruction form provided to you and we will deposit it with our transfer agent, or, if you request on the voting instruction form, we will send you a form of legal proxy that will grant you or your appointee the right to attend the Meeting and vote in person. If you do not intend to attend the Meeting or have an appointee do so on your behalf but you wish your shares to be voted, please complete and return the information requested in the voting instruction form to provide your specific voting instructions. Otherwise your Common Shares will not be voted.

If you are an OBO, you should receive or have already received from your intermediary either a request for voting instructions or a proxy form. Intermediaries have their own mailing procedures and provide their own instructions. These procedures may allow providing voting instructions by telephone, on the Internet, by mail or by fax. If you wish to vote in person at the Meeting you should follow the procedure in the directions and instructions provided by or on behalf of your intermediary and insert your name in the space provided on the request for voting instructions or proxy form or request a form of legal proxy which will grant you the right to attend the Meeting and vote in person.

Whether you are a NOBO or an OBO, if you wish to attend the Meeting and vote in person, do not otherwise complete any voting form you may receive. Please register with the transfer agent, Computershare Trust Company of Canada, upon your arrival at the Meeting.

What is a Proxy?

A proxy is a document that authorizes someone else to attend the Meeting and cast the votes for a Registered Shareholder. Registered Shareholders are being sent a form of proxy for the Meeting permitting them to appoint a person to attend and act as proxyholder at the Meeting. Use it or any other valid proxy form to appoint a proxyholder. The enclosed form of proxy authorizes the proxyholder to vote and otherwise act for you at the Meeting including any continuation after adjournment of the Meeting.

If you complete the enclosed form of proxy by marking the appropriate boxes on the proxy form, your Common Shares will be voted as instructed. If you do not mark any boxes, your proxyholder can vote your Common Shares in their discretion.

A proxy in the form being sent to Registered Shareholders must be distinguished from a “legal proxy”, which is a voting power of attorney granted to a non-registered shareholder or to a person designated by the non-registered shareholder under a written request of the non-registered shareholder. If you are a NOBO that has been sent these materials, if you so request in your voting instruction form, the Corporation will arrange at no cost to you, to deposit with our transfer agent, or deliver to you, a legal proxy to the extent that the Corporation’s management holds a proxy given directly by the Registered Shareholder or indirectly given by the Registered Shareholder through one or more other proxyholders in respect of the Common Shares beneficially owned by you.

Appointing a Proxyholder

Your proxyholder is the person you appoint and name on the proxy form to cast your votes for you. **You can choose anyone you want to be your proxyholder. It does not have to be another shareholder. Just fill in the person’s name in the blank space provided on the enclosed proxy form or complete any other legal proxy form and deliver it to Computershare Trust Company of Canada within the time hereinafter specified for receipt of proxies.**

If you leave the space on the proxy form blank, either Robert W. Rieder or Curtis Sikorsky, both of whom are named in the form, are appointed to act as your proxyholder. Mr. Rieder is the Chief Executive Officer, Chairman of the Board of Directors (the “**Board**”), and director of the Corporation and Mr. Sikorsky is the Chief Financial Officer of the Corporation.

For the proxy to be valid, it must be completed, dated and signed by the holder of Common Shares or the holder’s attorney authorized in writing and then delivered to the Corporation’s transfer agent, Computershare Trust Company of Canada, in the envelope provided or by fax to 1-866-249-7775 (toll-free) and received no later than 48 hours prior to the Meeting or any adjournment thereof.

How will my Common Shares be voted if I give my Proxy?

If you have properly filled out, signed and delivered your proxy, then your proxyholder can vote your Common Shares for you at the Meeting. If you have specified on the proxy form how you want to vote on a particular issue (by marking FOR, AGAINST, or WITHHOLD), then your proxyholder must vote your Common Shares accordingly.

If you have not specified how to vote on a particular issue, then your proxyholder can vote your Common Shares as they see fit. However, if you have not specified how to vote on a particular issue and Mr. Rieder or Mr. Sikorsky have been appointed as proxyholder, your Common Shares will be voted in favour of the particular issue. For more information on these issues, see “Business of the Meeting”. The enclosed form of proxy confers discretionary authority upon the proxyholder you name with respect to amendments or variations to the matters identified in the accompanying Notice of Annual Meeting of Shareholders and other matters that may properly come before the Meeting. If any such amendments or variations are proposed to the matters described in the Notice, or if any other matters properly come before the Meeting, your proxyholder may vote your Common Shares as they consider best.

Revoking a Proxy

If you want to revoke your proxy after you have delivered it, you can do so at any time before it is used. You or your authorized attorney may revoke a proxy by (i) clearly stating in writing that you want to revoke your proxy and delivering this revocation by mail to Computershare Trust Company of Canada, 9th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 or fax to 1-866-249-7775 (toll-free), or to the registered office of the Corporation, Suite 1300, 777 Dunsmuir Street, Vancouver, British Columbia V7Y 1K2, Attention: Joseph Garcia, Corporate Secretary, at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof or (ii) in any other manner permitted by law. Revocations may also be delivered to the Chairperson of the Meeting on the day of the Meeting or any adjournment thereof. Such revocation will have effect only in respect of those matters upon which a vote has not already been cast pursuant to the authority confirmed by the proxy. If you revoke your proxy and do not replace it with another in the manner provided in “Appointing a Proxyholder” above, you will be able to vote your Common Shares in person at the Meeting.

Only registered shareholders have the right to revoke a proxy. Non-registered shareholders who wish to change their voting instructions must, in sufficient time in advance of the Meeting, arrange for the Corporation (where the non-registered holder is a NOBO) or their intermediaries (where the non-registered shareholder is an OBO) to change their vote and if necessary revoke their proxy.

Cost of this Solicitation of Proxies

The cost of this solicitation of proxies is borne by the Corporation. It is expected that the solicitation will be primarily by mail, but proxies or votes or voting instructions may also be solicited personally or by telephone or other means of communication by directors and regular employees of the Corporation without special compensation. In addition, the Corporation may retain the services of agents to solicit proxies or votes or voting instructions on behalf of management of the Corporation. In that event, the Corporation will compensate any such agents for such services, including reimbursement for reasonable out-of-pocket expenses, and will indemnify them in respect of certain liabilities that may be incurred by them in performing their services. The Corporation may also reimburse brokers or other persons holding Common Shares in their names, or in the names of nominees, for their reasonable expenses in sending proxies and proxy material to beneficial owners and obtaining their proxies or votes or voting instructions.

Who counts the votes?

The Corporation's transfer agent, Computershare Trust Company of Canada, counts and tabulates the proxies. This is done independently of the Corporation to preserve confidentiality in the voting process. Proxies are referred to the Corporation only in cases where a shareholder clearly intends to communicate with management or when it is necessary to do so to meet the requirements of applicable law.

How do I contact the transfer agent?

If you have any inquiries, the transfer agent, Computershare Trust Company of Canada, can be contacted as follows:

Mail: Computershare Trust Company of Canada
 9th Floor, 100 University Avenue
 Toronto, Ontario
 M5J 2Y1

Telephone: 1-416-263-9200

Report on Executive Compensation

The Corporation's policy with respect to the compensation of the Chief Executive Officer and the other Named Executive Officers and other officers of the Corporation is based upon the principles that total compensation must: (1) be competitive in order to help attract and retain the talent needed to lead and grow the Corporation's business; (2) provide a strong incentive for executives and key employees to work towards the achievement of the Corporation's goals; and (3) ensure that the interests of management and the Corporation's shareholders are aligned.

The total compensation paid to the Chief Executive Officer and each of the other Named Executive Officers of the Corporation consists primarily of base salary and a bonus based on the executive's overall experience, responsibility and the achievement of corporate and personal objectives determined by the Board, together with recommendations from the Chief Executive Officer. The Named Executive Officers also receive option grants in accordance with the Corporation's stock option plan upon their appointments and may receive additional option grants from time to time based on the achievement of certain corporate objectives and overall corporate progress. The imputed value of options granted is considered in the determination of total compensation, as is the value of benefits and any other perquisites received by a particular individual. The Corporation does not have a predetermined relative emphasis for each of the various components of compensation. See "Employment Contracts of Named Executive Officers".

Base salary levels for the Named Executive Officers have been determined primarily on the basis of (i) the Compensation Committee's review of the Chief Executive Officer's assessment of each Named Executive Officer's performance during the prior year; (ii) the Compensation Committee's understanding of normal and appropriate salary levels for executives with responsibilities and experience comparable to that of the Named Executive Officers of the Corporation; and (iii) the terms of the Named Executive Officer's employment agreement with the Corporation. In making such determination, external sources are consulted when deemed necessary by the Compensation Committee.

The Chief Executive Officer's base salary has been determined after considering the salary levels of other executives with similar responsibilities and experience and after general discussions with outside advisors. The Chief Executive Officer's base salary was compared to salary levels of comparable executives at a variety of companies, with particular emphasis on biotechnology companies. The Compensation Committee recommends such compensation to the Board for approval. The Chief Executive Officer of the Corporation is Mr. Robert W. Rieder.

Awards of bonuses depend upon whether the Corporation has met objectives established by the Compensation Committee and approved by the Board for the year. The amount of such bonuses is not subject to any minimum amount.

Report presented by:

Harold Shlevin, Chair of the Compensation Committee
 Richard Glickman, Member of the Compensation Committee
 William L. Hunter, Member of the Compensation Committee

Amended Incentive Stock Option Plan

The Amended Incentive Stock Option Plan was approved by shareholders of the Corporation on May 28, 2001 and was subsequently amended on May 27, 2002, May 25, 2004, June 6, 2005, June 12, 2006 and September 5, 2007. Pursuant to the Plan, the Board or the CEO may, at their discretion, grant options to purchase Common Shares to directors, officers, employees, contractors and consultants of the Corporation or any of its subsidiaries (“**Participants**”).

The maximum number of Common Shares which may be reserved for issuance under the Plan is currently 7,000,000, provided that the number of Common Shares available to be reserved for issuance will be increased annually, at the end of each fiscal year of the Corporation, such that any Common Shares that are issued on the exercise of options under the Plan in the prior year shall again become available to be made subject to an option that may be granted in a subsequent fiscal year. The 7,000,000 maximum number represents approximately 10.2% of the issued and outstanding Common Shares on a fully diluted basis and 10.9% on a non-diluted basis as at May 5, 2008 and representing 11.0% of the issued and outstanding Common Shares on a fully diluted basis and 10.2% on a non-diluted basis at the time of the amendment to the Plan in 2007. Since the Plan was amended in 2007, 167,000 options were granted pursuant to the Plan, 191,348 options were exercised and 83,536 options were cancelled or expired. As a result, as at May 5, 2008, options to purchase an aggregate of 4,993,063 Common Shares, representing approximately 7.3% of the issued and outstanding Common Shares on a fully diluted basis (7.8% on a non-diluted basis), remain outstanding and unexercised under the Plan and the remaining number of Common Shares available to be issued pursuant to options granted from and after May 5, 2008 is 1,964,487 Common Shares, representing approximately 2.9% of the issued and outstanding Common Shares on a fully diluted basis (3.1% on a non-diluted basis).

Subject to the provisions of the Plan, the Board or the CEO has authority to determine the limitations, restrictions and conditions, if any, applicable to the exercise of options granted under the Plan. The Board or the CEO establishes the exercise price of options granted under the Plan at the time of grant which must be not less than the closing price of the Common Shares on the TSX immediately preceding the date of the grant. Participants may receive options on more than one occasion under the Plan and may receive separate options on any one occasion.

The Board or the CEO establishes the vesting terms of options at the time of grant. Outstanding options granted prior to the date hereof vest: (i) as to options held by any officer, employee, consultant and contractor, annually, at the end of each 12 month period commencing from the date of the grant of the options, as to the greater of 20,000 Common Shares and 20% of the number of Common Shares that may be purchased under the options; and (ii) as to any director that is not an officer, employee, consultant or contractor, immediately upon grant as to 20% of the number of Common Shares which may be purchased under the options and thereafter as to 20% on each anniversary of the date of grant. All such options granted prior to July 27, 2007 must be exercised no later than 10 years after the date of grant and all such options granted after July 27, 2007 must be exercised no later than 5 years after the date of grant and all options are subject to the provisions described below regarding exercise following the Participant ceasing to be a director, officer,

employee, contractor or consultant. Future options may be granted on similar terms or such other terms as the Board or the CEO may determine at the time of the grant, except all future options must be exercised not later than 5 years from date of grant.

The maximum number of Common Shares which may be reserved for issuance under options to any Participant is 5% of the number of Common Shares (the “**Outstanding Issue**”) that are outstanding (on a non-diluted basis) immediately prior to the grant. The following limits are placed on issuances of options to Insiders under the Plan: (i) the number of securities issuable to insiders under all securities based compensation arrangements cannot exceed 10% of the Corporation’s outstanding securities; (ii) the number of securities to Insiders under all securities based compensation arrangements within a one year period cannot exceed 10% of the Corporation’s total issued and outstanding securities; (iii) the maximum number of Common Shares which may be issued to any one Insider under the Plan within a one-year period shall be 5% of the Outstanding Issue; and (iv) the maximum number of Common Shares which may be reserved for issuances under options granted to non-employee directors is 0.9% of the Outstanding Issue immediately prior to the date of grant.

Options granted under the Plan prior to July 27, 2007 must be exercised no later than ten years after the date of grant or such lesser period as may be determined by the Board or the CEO and options granted under the Plan after July 27, 2007 must be exercised no later than 5 years after the date of grant or such lesser period as may be determined by the Board or the CEO. Subject to the foregoing, and except as otherwise determined by the Board (or, subject to the provisions of the Plan, the CEO): (i) if a Participant ceases to be an officer, employee, contractor or consultant of the Corporation or any of its subsidiaries for any reason other than death, the options held by such Participant will cease to be exercisable 30 days after the termination date (not including days on which the Participant is restricted from trading pursuant to any policy of the Corporation prohibiting trading during “trading blackout” periods); (ii) if a Participant ceases to be an Eligible Person by virtue of ceasing for any reason other than death to be a director of the Corporation, each option held by the Participant will cease to be exercisable twelve months after the Participant ceases to be a director; (iii) if a Participant dies prior to options held by the Participant ceasing to be exercisable, the legal representatives of the Participant may exercise the options within 12 months after the date of death, if the Options were by their terms exercisable on the date of death; and (iv) if the expiry of an option other than an incentive stock option, occurs during a trading blackout period or within 2 business days of a trading blackout period, the expiry date of such options is automatically extended until the tenth business day following the end of the trading blackout period.

If a Participant is a United States citizen or resident, the Plan provides that, in certain circumstances, the options may be characterized as “incentive stock options” within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended, of the United States, but only if designated by the Corporation. Where this is the case, the terms of the Plan provide for certain additional restrictions. These restrictions include a restriction on the maximum aggregate number of Common Shares that may be issued as incentive stock options. The Plan fixes the maximum number of incentive stock options at 2,875,000. The number of Common Shares issuable pursuant to options granted under the Amended Incentive Stock Option Plan may be adjusted if any share reorganization, special distribution or corporate reorganization occurs, subject to prior approval of relevant stock exchanges.

The Board may amend, suspend or terminate the Plan in accordance with applicable legislation, subject to TSX and shareholder approval. In 2006, the TSX introduced new rules for stock option plans, which affected, among other things, stock option plan amendment procedures. The Amended Incentive Stock Option Plan was amended on September 5, 2007 to reflect the new TSX rules, including amendment provisions that require shareholder approval for the following amendments to the Plan or options granted under it:

- (i) an increase in the number of Common Shares that can be issued under the Plan, including an increase to the fixed maximum number of securities issuable under the Plan, either as fixed number or a fixed percentage of the Corporation’s outstanding capital represented by such securities;
- (ii) a reduction in the exercise price or purchase price of outstanding options or a cancellation of outstanding options for the purpose of exchange for reissuance at a lower exercise price to the same person;
- (iii) an extension of the expiry date of an option (except for an extension to the expiry date of an option if the option expires during or within ten business days after a blackout period) or amending the Plan to permit the grant of an option with an expiry date of more than five years from the day the option is granted;
- (iv) if at any time the Plan is amended to exclude participation by non-employee directors or to include limits on participation by non-employee directors, an expansion of the class of eligible recipients of options under the Plan that would permit the introduction or reintroduction of non-employee directors on a discretionary basis or an increase on limits previously imposed on non-employee director participation;

- (v) an expansion of the transferability or assignability of options (other than “incentive stock options” within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended, of the United States, the transferability of which may not be amended), other than to a spouse or other family member, an entity controlled by the option holder or spouse or family member, a Registered Retirement Savings Plan or Registered Retirement Income Fund of the option holder, spouse or family member, a trustee, custodian or administrator acting on behalf of, or for the benefit of, the option holder, spouse or family member, any person recognized as a permitted assign in such circumstances in securities or stock exchange regulatory provisions, or for estate planning or estate settlement purposes;
- (vi) any amendment of the Plan to increase any maximum limit of the number of securities that may be:
 - a) issued to insiders of the Corporation within any one year period, or
 - b) issuable to insiders of the Corporation at any time;which may be specified in the Plan, when combined with all of the Corporation’s other security based compensation arrangements, to be in excess of 10% of the Corporation’s total issued and outstanding securities, respectively;
- (vii) if the Plan has a fixed maximum number of securities issuable, the addition of any provision that allows for the exercise of options without cash consideration, whether the option holder receives the intrinsic value in the form of securities from treasury or the intrinsic value in cash, which does not provide for a full deduction of the underlying Common Shares from the maximum number issuable under the Plan or, if the Plan does not have a fixed maximum number of securities issuable, the addition of any provision that allows for the exercise of options without cash consideration where a deduction may not be made for the number of Common Shares securities underlying the options from the Plan reserve; and
- (viii) a change to the amendment provisions of the Plan;

provided that shareholder approval will not be required for increases or decreases or substitution or adjustment to the number or kind of shares or other securities reserved for issuance pursuant to the Plan or the number and kind of shares subject to unexercised options granted and in the option exercise price of such shares and the making of provisions for the protection of the rights of participants under the Plan in accordance with the section or sections of the Plan which provide for such increase, decrease, substitutions, adjustments or provisions in respect of certain events, including any change in the outstanding Common Shares by reason of any stock dividend or any recapitalization, amalgamation, subdivision, consolidation, combination or exchange of shares, other corporate change or reorganization, amalgamation or consolidation of the Corporation.

Under the Amended Incentive Stock Option Plan, the Board will have authority to make without shareholder approval all other amendments to the Plan including, but not limited to, (i) typographical, clerical or administrative changes (including a change to correct or rectify an ambiguity, immaterial inconsistency, defective provision, mistake, error or omission or clarify the Plan’s provisions or a change to the provisions relating to the administration of the Plan); (ii) changing provisions relating to the manner of exercise of options, including changing or adding any form of financial assistance provided by the Corporation to participants or, if the Plan has a fixed maximum number of securities issuable, adding provisions relating to a cashless exercise which provides for a full deduction of the underlying Common Shares from the maximum number issuable under the Plan; (iii) changing the terms, conditions and mechanics of grant, vesting, exercise and early expiry, provided that no such change may extend an outstanding option’s expiry date; (iv) changing the provisions for termination of options so long as the change does not permit the Corporation to grant an option with an expiry date of more than five years or extend an outstanding option’s expiry date; (v) changes designed to respond to or comply with any applicable law, tax, accounting, auditing or regulatory or stock exchange rule, provision or requirement, to avoid tax on optionholders under any applicable tax legislation or to avoid unanticipated consequences deemed by the Board to be inconsistent with the purpose of the Plan; and (vi) certain changes to provisions on the transferability of options (other than “incentive stock options”, the transferability of which may not be amended) which do not require shareholder approval as described above.

No amendment of the Plan or any option may be made that will materially prejudice the rights of any Participant under any option previously granted to the Participant without the consent by such Participant.
